CHAPTER

ROBERT COHN was once middleweight boxing champion of Princeton. Do not think that I am very much impressed by that as a boxing title, but it meant a lot to Cohn. He cared nothing for boxing, in fact he disliked it, but he learned it painfully and shyness he had felt on act the feeling of inferiority and thoroughly to counter-act being treated as a Jew at Princeton. There was a certain inner comfort in knowing he could knock down anybody who was snooty to him, although, being very shy and a thoroughly nice boy, he never fought except in the gym. He was Spider Kelly's star pupil. Spider Kelly taught all his young gentlemen to box like featherweights, no matter whether they weighed one hundred and fifty or two hundred and five pounds. But it seemed to him as if he was really very fast. He was completely overmatched him and flattened. This in part, and it gave him a certain amount of comfort, and it

1. Jake narrates a story in which people watch bullfights, travel and drink too much. Superficially, none of this has anything to do with the World War I. However, but the key to understanding Hemingway's style is to pay attention to what he doesn't narrate or say through his characters.
2. When Mike is away from Brett, he shows his love for her with regular correspondence. Brett, however, does not write him back.
3. The bullfight is the symbol of ability, and not just of physical, but also an emotional one. According to Hemingway, life is a bullfight. To live means to go bullfighting.
4. Water appears on multiple occasions as a symbol of purification and relief. On Jake and Bill's fishing trip, water seems to have the therapeutic effect of soothing Jake's troubled soul. Brett is always going off to bathe, signifying her own innate desire to purify herself and perhaps disassociate herself from her actions.
5. The title sums up the statement made in the passage quoted in the epigraph: humans are just a small and ephemeral part of a larger world. We come and go, but the earth always remains. The sun will keep rising and setting long after all of us are dead and gone.
6. In the last words of this novel, Hemingway delivers a memorable and hard-hitting diagnosis of his generation: "Isn't it pretty to think so?" The speaker, Jake, is referring specifically to the idea that he and Brett could have had "a damned good time together." Hemingway expresses the sense of hopelessness and resignation that he sees in the world around him. Everyone has their hopes and dreams—but they can't be fulfilled. The best anyone can do is wistfully indulge in the fantasy that these dreams could have been possible in some alternate universe.
