Task 5. English. Read the text and say what you do in your English lessons.

English is my favourite subject at school. At the beginning of the lesson, our teacher checks our homework. We retell texts, which we have learned at home, write dictations, or read and translate exercises in our workbooks.

After that, our teacher usually explains some new grammar to us, and we do two or three exercises in our student's books. Then we read and translate a text. We also do some tasks connected with the text.

Next, we usually do a listening and speaking task. We have to listen to a story, a dialogue, or an interview and then answer some questions.

We also do a lot of interesting things in our English lessons. We read poems and books in English. Sometimes we listen to English songs and then read and translate the lyrics.

Task 7. Geography. Guess the country by its flag and complete the sentences.

1. She is from _____. She is _____.

2. He is from _____. He is _____.

3. He is from _____, He is _____.

4. She is from _____. She is _____.

Task 7. Geography. Guess the country by its flag and complete the sentences.

5. He is from _____. He is _____.

6. She is from _____. She is _____.

7. He is from _____, He is _____.

8. He is from _____, He is _____.

Task 8. History. Read the text and answer the questions.

Ancient Greece had a warm, dry climate, as Greece does today. Most people lived by farming, and fishing. Others were soldiers, scientists, and artists.

Greek cities had beautiful temples with stone columns and statues, and open-air theatres where people sat to watch plays. Most people lived in villages or in the countryside. Many Greeks were poor, and life was hard.

Ancient Greek homes were built around a courtyard or garden. They didn't have a lot of furniture inside. Many homes didn't have a bathroom.

We know about some Greek toys from pictures on pottery vases and artefacts found by archaeologists. Children played with small pottery figures and dolls made of wood.

Task 8. History. Read the text and answer the questions.

1. What is the climate in Greece?
2. What did people in Ancient Greece do?
3. What were Greek cities like?
4. Where did most Greek people live?
5. What were Greek homes like?
6. What toys did children play with?

Task 9. History. Read the text again and change verb forms into Past Simple.

Task 14. PE. Read the text and mark sentences as true or false.

A healthy lifestyle consists of active mode of life, healthy diet, avoiding stress, and absence of bad habits.

If you are active, you feel better. You may go to a gym or a swimming pool, do some other sport or simply walk more. Sport is a good way to reduce stress and improve your state of health. It is also possible to exercise or walk with someone.

A diet is also very important. You should eat regularly and choose fresh and healthy food. It is essential to eat enough fruit, vegetables, and meat. Don't eat too much sugar or consume sweet fizzy drinks.

Finally, you should try to avoid stress or at least take it easy and don't be too nervous. Nervousness has a negative impact on our health and causes many diseases. So do the bad habits. Smoking and drinking too much alcohol can be very harmful.

Thus, it is not so difficult to lead a healthy life. It may become your good habit as soon as you improve your quality of life, regulate your diet and physical exercises.
