#2008vs2018 and it's almost unchanged! 😞 #HowHardDidAgingHitYou #10YearChallenge

It can take hundreds of years for a single piece of plastic to decompose. Plastic pollution is a problem we all need to address and you can be part of the solution. Join the #AyokoNgPlastik movement, today: [fb.com/groups/AyokoNgPlastik](https://fb.com/groups/AyokoNgPlastik)

## #10YearChallenge

**SolarPower Europe**  
@SolarPowerEU

#10YearChallenge Rising from less than 16 GW of #solar capacity in 2009, the world has installed more than 500 GW solar today! Solar is the world's fastest growing power generation source! #CleanEnergyEU #EnergyTransition #EU2050 #GenerationSolar
