

The X-men

skyteach

Activity 1

Do you like comics? Do you know any of these superheroes? Make a list of X-men. You have 2 minutes. What powers do they have?

Activity 2

Put the characters from:

- the strongest to the weakest.
- from the most powerful to the least powerful
- from the most attractive to the least attractive
- from the kindest to the meanest

Explain your choice (if you do not know much about them, use your intuition).

Activity 2

Activity 3

Watch the trailer and tick the Superheroes you saw.

|---------------------------------------|--------------------------------------|------------------------------------|
| <input type="checkbox"/> Storm | <input type="checkbox"/> Rouge | <input type="checkbox"/> Cable |
| <input type="checkbox"/> Wolverine | <input type="checkbox"/> Professor X | <input type="checkbox"/> Wolverine |
| <input type="checkbox"/> Nightcrawler | <input type="checkbox"/> Mystique | <input type="checkbox"/> Magik |
| <input type="checkbox"/> Cyclops | <input type="checkbox"/> Storm | <input type="checkbox"/> Jean Grey |
| <input type="checkbox"/> Beast | <input type="checkbox"/> Juggernaut | |
| <input type="checkbox"/> Phoenix | <input type="checkbox"/> Magneto | |

Watch again and discuss:

1. What happened to Jean Grey?
2. Has she received a good or bad power? Why do you think so?
3. Is it easy or difficult to control a new power? Why?
4. How can she control it?
5. Will she succeed in it? How?

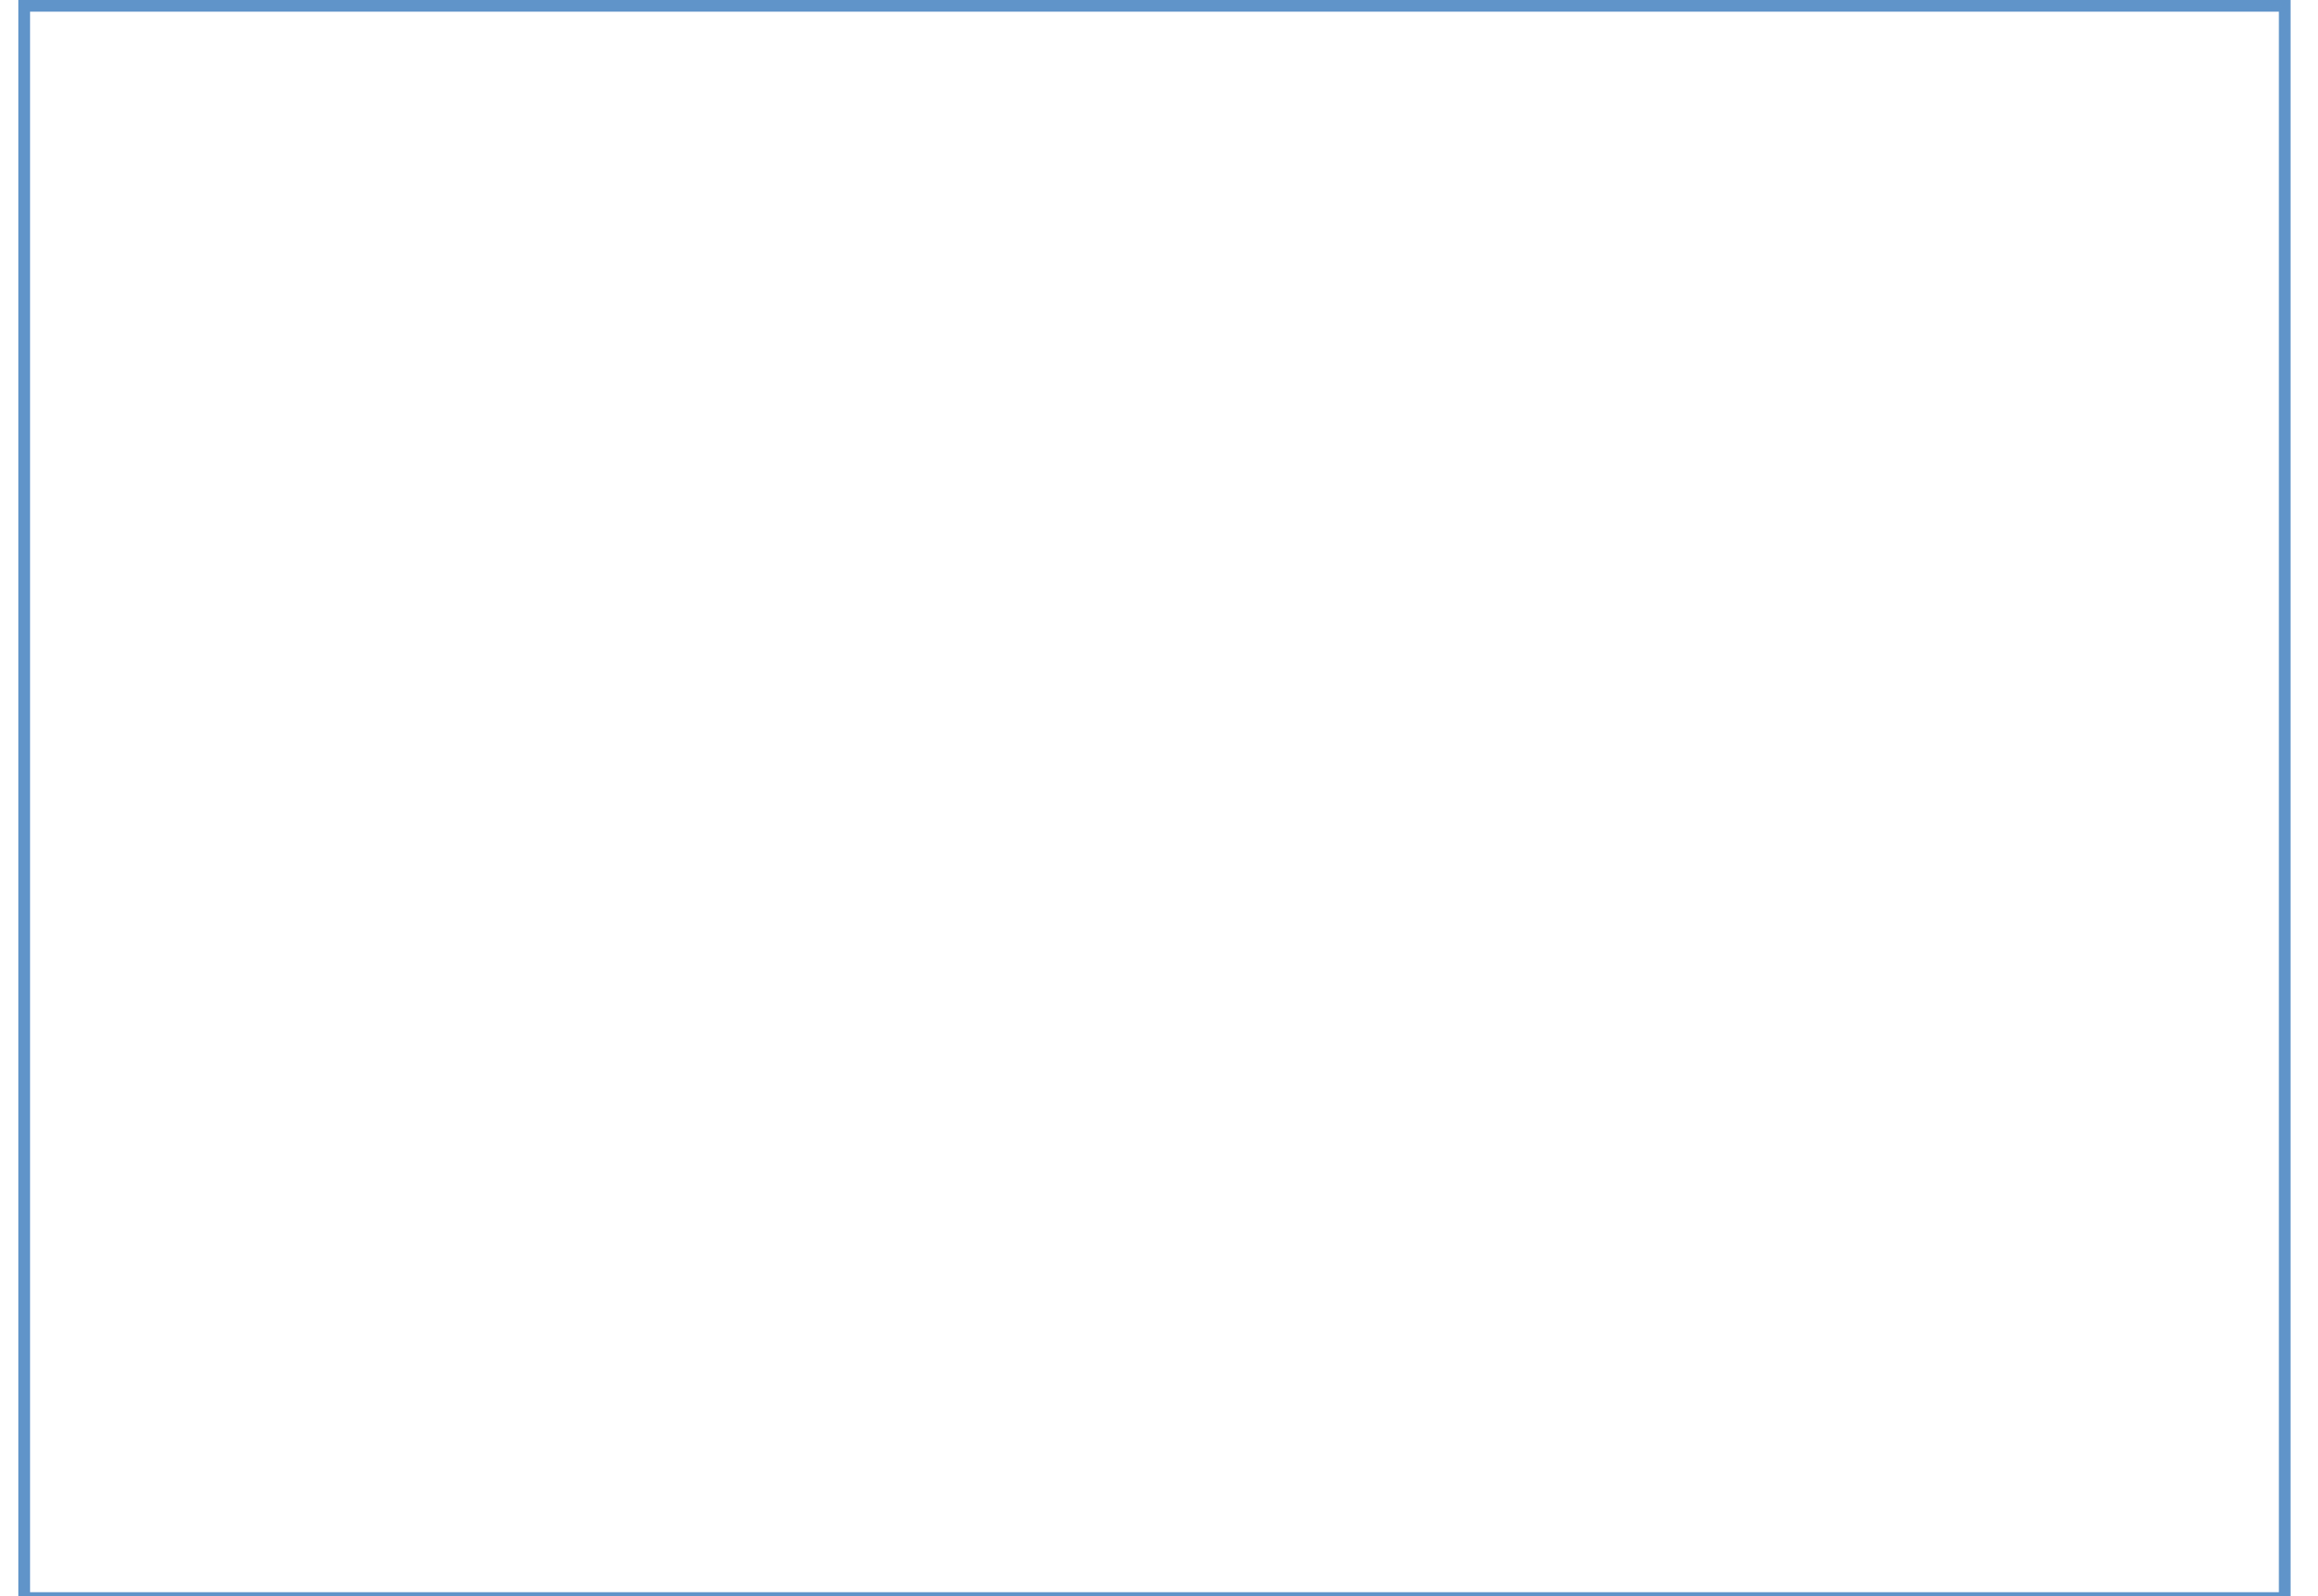

Activity 4

Create a new character for the X-men team. Draw.

Think of:

- the special powers
- the costume
- the personality (positive and negative sides)
- favourite food/drink/thing

Tell your partner.

Activity 5

Work with your partner. Using your new character role-play a dialogue between your character and your partner's character. Choose a situation:

You are going to plan your calm weekend. You do not often agree with each other. One of you wants to go to the beach, the other one to have a sightseeing tour/visit some museums.

You are going to arrange a party for Jean's come back. You have only 10\$ for that.

You are choosing a present for your best friend. You found some items and now you are trying to choose from a book, a camera, fake hair and a microscope.

You've decided to buy a new outfit. However, the shops that you prefer are absolutely different. Try to persuade your partner that sports clothes/smart casual clothes are the best choice.
